Section K - Summary Grade A - appropriate care; B - minor suboptimal care; C - significant suboptimal care; D - major suboptimal care

	Grade A-D
1. Standard of record keeping Comments	
2. Communication (between healthcare professionals, or with mother) Comments	
3. Organisation/staffing/resources Comments	
4. Social care Comments	
5. Mother's contribution to care Comments	

6. Policies/protocols
Comments
7. Examples of good practice
Comments
8. Examples of poor practice
Comments

9. Overall Grade	Level of suboptimal/substandard care	✓
Grade 0	No suboptimal care	
Grade 1	Suboptimal care - different management would have made no difference in outcome	
Grade 2	Suboptimal care - different care MIGHT have made a difference (possibly avoid death)	
Grade 3	Suboptimal care - different care WOULD REASONABLY BE EXPECTED to have made a difference (probably avoid death)	

10. Summary panel comment

Appendix II Social Assessment of Mothers who have Experienced a Loss

A woman under your care has recently experienced a pregnancy loss and fits the inclusion criteria to be part of the Perinatal Institute's Confidential Enquiry. Please complete this social assessment form and send it back to the Perinatal Institute as soon as possible in the FREEPOST envelope provided.

The Social Assessment is part of a focused Confidential Enquiry into perinatal deaths within Birmingham and Stoke, exploring the possible social/psychological factors that can contribute to adverse outcome alongside medical factors. The information you give will inform the Confidential Enquiry and **will be kept strictly confidential**. The aim of this assessment is to increase the understanding of social circumstances of mothers who have experienced a loss and their influencing factors on perinatal mortality. If you have any questions or concerns, please contact:

Fiona Cross-Sudworth, Project Co-ordinator, at the Perinatal Institute Tel: 0121-687 3450/4 or Email: Fiona.cross-sudworth@pi.nhs.uk

1. Antenatal Attendance:

i.	Did the woman keep her community antenatal appointments? [Please circle answer] Always / Most of the time / Occasionally / Never / Can't remember
Com	ments
ii.	Did the woman keep her hospital antenatal appointments? [Please circle answer] <i>Always / Most of the time / Occasionally / Never / Don't know</i>
Com	ments
iii.	Was the woman referred to any other healthcare professional or suppo worker during her pregnancy? [e.g. Community Psychiatric Nurse, Pregnancy Outreach Worker, Smoking Cessation Advisor, Diabetic Clinic] Yes / No / Don't know / Can't remember
Plea	se specify all that are appropriate and give details
lf ye	se specify all that are appropriate and give details s , did the woman attend appointments with them regularly? Yes / No / Sometimes / Don't know [please circle answer]
lf ye	s, did the woman attend appointments with them regularly? Y <i>es / No / Sometimes / Don't know</i> [please circle answer]

2. Please describe the mother and baby's physical health during the pregnancy. Did you have any concerns about them?

E.g. Visits to other healthcare professionals (dietician, physiotherapist), chronic or acute conditions during the pregnancy (asthma, anaemia, PET), fetal complications (reduced fetal movements, suspected IUGR)

3. Please describe the mother's mental health during the pregnancy. Did you have any concerns about it?

E.g. Overall reaction/coping with pregnancy, depression/anxiety, alcohol/smoking/drug use, domestic abuse, self-harm, psychiatric referrals or medication.

4. Please describe the mother's social circumstances. Did you have any concerns about them?

E.g. housing (condition, tenancy, duration, destitution, asylum seeker, traveller), financial issues (income, benefits, debt, poverty), Involvement with other agencies (e.g. police, social services, child protection).

5. Please describe the family and home circumstances. Did you have any concerns about them?

E.g. Family members with physical or mental disability or other special needs, addictive behaviour patterns or mental illness, domestic abuse, chaotic lifestyles

Study No:

6. What support did the mother have? Did you have any concerns about it?

E.g. Support from family and friends, roles within the family,

7. Any other comments, observations or impressions (please continue on the back of this sheet as necessary)

Thank you for completing the form. Please return it in the prepaid envelope provided.

Section C – Aspects of care: (Please document what aspects of care you are able to provide well and which you are not. Please state what helps as well as what barriers there are to providing this care)

Aspect of care:	Options:1)Provide/carry out well2)Provide/carry out reasonably well3)Do not provide/carry out well	If you consider that the care you provide is good – what assists you? If not, please suggest what would help to improve the care you provide?
Direct access to women on confirmation of pregnancy (ie. Not via the GP)		
Early booking (<12 weeks)		
Advice on lifestyle issues (e.g. diet, exercise)		
Direct access to obtaining blood results		
Fetal growth surveillance		
Individualised plan of care for antenatal women		
Good continuity of carer antenatally (>75% of visits with one midwife)		
Individualised support and preparation for labour		
Home births		
Parenting support and advice		
Support for breastfeeding mothers		
Individualised plan of care for postnatal women		
Good continuity of carer postnatally (>75% of visits with one midwife)		
Comprehensive and appropriate documentation of care		
Communicating with the multi- disciplinary team		
Other (please specify)		

Section D - Job satisfaction

1.	How do you rate your job	ow do you rate your job satisfaction overall?							
	□ Very low □ Lo	w 🗆 I	ndifferent	🗌 High	☐ Very high				
2.	How satisfied are you with the support you receive from the Trust?								
	□ Very satisfied □ So	mewhat satisfied	□ Somewhat	t dissatisfied	Very dissatisfied				
3.	How satisfied are you with	ow satisfied are you with the support you receive from your colleagues?							
	□ Very satisfied □ Sol	newhat satisfied	□ Somewhat	dissatisfied	Very dissatisfied				
4.	Would you recommend community midwifery to colleagues?								
		□Y <i>es</i> □	Unsure] No					
5.	How would you rate your	current work stre	ess level? (Circ	cle an appropriat	e number on the following				
-									
	Likert Scale with 1 being no stress and 10 being extremely stressed). No stressExtremely stressed								
				-	ised				
	1 2	3 4 5	6 7	8 9 10					
6.	Do you see yourself being a community midwife in 3 years time?								
	□ Yes □ Unsure □ No								
7.	If you are considering leaving your job, please indicate why this would be:								
		\square Family or personal reasons \square Retirement							
	□ Would like more pay								
	☐ Other (please specify)	-							

8. Please add any further comments that you would like to share: (Use blank sheet overleaf, if you need more space)
