

# PERINATAL FORUM

Tuesday 5 April 2005

18:00 – 20:00

Buffet from 17:15

## ***Why Mothers Die*** ***important messages for practice***

The 6<sup>th</sup> Report of the UK Confidential Enquiries into Maternal Deaths (CEMD) was published late last year, covering the period 2000-2002. It holds many important messages on risk factors, causes, management and prevention.

Because of the high level of interest, we have arranged this **second Perinatal Forum** on the topic, and were fortunate to be able to secure another two excellent speakers who were also co-authors of the report. The meeting will again focus on the main medical, social and mental health aspects of the report.

**18:00**      **The 6<sup>th</sup> report of the Confidential Enquiries into Maternal Deaths**  
*Professor James Drife – Clinical Director, CEMD and Professor of O&G, Leeds*

**Discussion**

**19:00**      **Psychiatric causes of maternal deaths**  
*Dr Margaret Oates – Consultant Perinatal Psychiatrist, Nottingham*

**Discussion**

**20:00**      **Close**

Registration fee £10 includes buffet and refreshments. Please complete form below, with cheque made payable to 'Perinatal Institute', and send to:  
Claire Hallahan, Perinatal Institute, Crystal Court, Aston Cross, Birmingham B6 5RQ.  
Registration will be confirmed upon receipt.
