

PERINATAL FORUM:

Standardised Clinical Outcome Review

Monday, 6th June 2011, 18:00 – 20:00hrs
Perinatal Institute, Birmingham

This meeting is intended for health professionals and commissioners of maternal and perinatal services in the West Midlands. It will seek to address one of the main learning points of the recent regional confidential enquiry programme: the need to develop and implement a standardised method to assess adverse clinical outcome. Progress will be presented for discussion and feedback.
