

THIRD TRIMESTER FETAL SURVEILLANCE ULTRASOUND A COURSE FOR NURSES, MIDWIVES AND OTHER HEALTHCARE PROFESSIONALS

Birmingham City University and The West Midlands Perinatal Institute have collaborated to develop the above course.

It takes place over 18 weeks during which time the student attends for six days of lectures/tutorials and has 15 days of clinical training.

Dates

Commencing 22 Sept 2009 and 4th February 2010

Topics include

Principles of Ultrasound Imaging
Ultrasound Equipment Controls
The Safe use of Ultrasound
Ultrasound in the Third Trimester
Ergonomics
Doppler Ultrasound
Medico-legal issues
Breaking Bad News

Entry Requirements

The course is open to healthcare professionals who are able to arrange for themselves a minimum of 100 hours of “hands on” clinical ultrasound training. They must also have a named clinical supervisor, who will oversee their training and undertake their clinical assessments.

Course fee £800 approx
